Prices 20c and 30c

## MANY A JOLLY PARTY

Has enjoyed a real joy ride in one of our service autos. They have gone everywhere and come back again filled with pleasant memories of the trip. And when the expense is divided among the boys it amounts to very little. If you belong to a circle that would like a real picnic to the real country, come here and we'll tell just what to do to get it.

PHONE 15

Stevens Service Shop, Railway St., Didsbury

## Successful Flying Trip Across the Atlantic

The great feat of flying across the Atlantic was successfully accomplished on Sunday last, June 15, in the remarkable time of 16 hours 12 minutes, by Capt. John Alcock and Lieut. Arthur Brown, of England, in a Vickers-Armstrong bi-plane. They started from Newfoundland and arrived at Clifden, Ireland, and suffered from frigid weather conditions

## Strike Leaders in 'Peg Under Arrest

A despatch from Winnipeg on Tuesday contains the following announcement concerning the strike:

Acting on authority from the federal government at Ottawa, armed with warrants issued by the Dominion officials, nine men whom secret service authorities had marked down as leaders of Bolshevik propaganda were arrested this morning, according to an official statement issued by Acting-Chief of Police Chris S. Newton. It was declared that all of those taken into custody played a prominent part in the sympathetic strike, now in its fifth week. They were taken to Stony Mountain penitentiary.

Following is a list of those said to be arrested, with their occupations:

R. B. Russell, secretary of the Metal Trades Council, and one of the inner circle of the strike committee.

Rev. William Fraser, editor of the Western Labor News, and pastor of the Labor church.

R. E. Bray, leader of the pro-strike parades which visited the parliament buildings on a number of occasions recently.

George W. Armstrong, an official of the Brotherhood of Carpenters.

Alderman John Queen, advertising manager of the Western Labor News and member of the city council of Ward 5.

Alderman A. A. Heaps, upholsterer, member of the city council for Ward 5.

Moses Charitonoff, arrested in 1918 on a charge of sedition; convicted, sent to jail, then released on technicality; of Russian birth.

Moses Almazoff, extreme socialist; Russian.

Mike Berenzuk, admirer of Bolshevik theories; Russian birth

## Auto Races at the Calgary Exhibition

Sanction has been granted for the championship automobile races, to be held at the Calgary Exhibition, July 4 and 5, by the International Motor Contest Association, which governs and sanctions practically all of the big dirt tracks in Canada and the United States. The I. M. C. A. has for the past three years sanctioned over fifty days of racing in Canada, and its record has not been blotted with a single fatal accident.

Manager E. L. Richardson has been in communication with the famous dirt track and speedway drivers, and from present indications it appears that the entry list for the Calgary races will contain the names of the most noted of the gas-hounds. Four thousand dollars is the amount of prize money for the two days' racing, with one-fourth of that sum going to the winner of the long-distance race.

Capital and Reserve, \$8,800,000  
Total Assets, Nov. 30th, 1918, over \$153,000,000

## Do You Need A Loan?

Many farmers are struggling along on insufficient capital when they have ample security for a loan. Have a talk with our local manager, he may be able to show you how to raise money that you can use on the farm to make more money.

## UNION BANK OF CANADA

J. B. WILSON, Manager Carstairs Branch

## The 1919 Provincial Game Regulations

### The Killing of Animals Under One Year of Age Is Prohibited

The Alberta Government has just issued the game regulations for this year, and although the real shooting season is some few months away it will be just as well for sportsmen to make a note of the close and the open season and other regulations of the game law.

Sunday shooting is prohibited. Hunting over enclosed lands prohibited without having obtained the consent of the owner or occupant thereof.

#### OPEN SEASON.

Ducks and Geese.—(Sale or purchase prohibited between March 1 and Sept. 20.) Bag limit (ducks) per day \$6, season 200, from Sept. 1 to December 14.

Deer, Moose, Caribou—From November 1 to December 14.

Prairie Chicken, Partridge, etc.—From October 1 to Nov. 14.

Hungarian Partridge.—During the month of October.

Otter, Muskrats.—January, February, March and April, and November and December.

Rails, Coots, Black-bellied Plover, Golden Plover, Wilson Snipe and Yellow Legs—From Sept. 1 to December 14.

Crows, Eagles, Goshawks, Pigeon Hawks, Duck Hawk, Cooper's Hawks, Hawk Owls, Blackbirds, Grackles, English Sparrows, Loons, Cormorants, Pelicans and Magpies.—Open the entire year.

#### CLOSE SEASON

For Beaver, Buffalo, Elk, Antelope, Hungarian Pheasant Swans and Cranes—The entire year.

Birds not mentioned above must not be killed or taken.

No person shall wilfully disturb, destroy or take the eggs of any game or other birds protected by the Game Act.

No dog shall be used by anyone to hunt big game.

Birds' eggs or nests must not be taken, disturbed or destroyed.

Fines, not exceeding \$500 and costs, may be imposed for infractions of The Game Act.

Copies of The Game Act may be had on application to Benj. Lawton, Chief Game Guardian, Edmonton.

**EGGS FOR HATCHING.**—R. C. Rhode Island Reds, White Wyandottes, Barred Rocks, S. C. White Leghorns, Blue Andalusians, \$2, \$3 and \$3.50 per setting. H. J. LAIRD, Red, White and Blue Poultry Yards, Oils, Alta. 1t15

## Wonderful Remedy Establishes Regularity, Cures Constipation

As you value life itself, never use medicine that racks the system. Constipation is bad enough, but violent cathartics are the limit.

When the bowels are constipated and you have stomach trouble and headache, try Dr. Hamilton's Pills; they are so mild you can scarcely feel their action, yet so effective that the entire secretory apparatus is stimulated to healthy action.

Dr. Hamilton's Pills move the bowels gently.

They tone the liver and kidneys.

They renew the blood.

Digestion is assisted.

Headaches disappear.

Stomach rumblings cease.

Biliousness is prevented.

Dr. Hamilton's Pills are more than a bowel medicine, for they act as a system cleaner and general tonic. For those who feel dull, heavy and morose, for those who suffer frequently from colds, biliousness and stomach disorders, there is no better medicine.

You risk nothing in using Dr. Hamilton's Pills because they are guaranteed to cure.

Made according to the formula of one of the greatest physicians that ever lived, Dr. Hamilton's Pills are bound to give your system just the aid it requires. Sold by all dealers, 25c per box.

## British Empire Model Democracy

Americans Learning About Methods.  
Finding Much Worth  
Copying

That Americans who think have been learning much about Britain and British methods that was new to them and finding much worth copying, was the statement recently made by Dr. J. S. Kirtley, who is at present supplying the pulpit at the First Baptist church.

Speaking on the strange phenomena presented by the ideals which had for so long governed the German nation, and which had inspired the war, he said that one of the basic mistakes was the blind belief in the divine right of kings. The continuance of such a doctrine had been made impossible in Britain when the barons met their king at Runnymede and forced him to sign the Great Magna Charta.

"There is a great difference between your king and other kings," continued Dr. Kirtley. "You know better than I do and have known it longer than I have) that King George would fall from his throne within a few days if he ever attempted to 'rule' the people as the term is generally understood. You call him your ruler it is true, but he is in fact the representative head of all the people, not only in Britain, but throughout the whole empire."

"It is my definite conviction that the system which you have goes further toward real democracy than does even our own system of which we Americans think so highly. We too have our representative rulers—but we have many of them. Then we have one whom we call our President, who is really the chief ruler. Behind him stands the whole nation. He is our representative head and our chief executive. But there is just this difference. Besides appointing him as our representative, we also give him full executive authority. You acknowledge your king as your representative. What is done in his name is acknowledged to be in your behalf. But you do not give him executive authority. You virtually keep that in your own hands, exercising that authority through other and specially chosen representatives. That is where in my conviction the British system is even far more democratic than our own. I do not think I am alone in this, but it is only through the special circumstances of the last three or four years that we are realizing these things."

Dr. Kirtley added that it was obviously desirable that the two great peoples referred to should thus get a better understanding of each other, and he profoundly hoped that the future would witness very hearty unity between them.—Winnipeg Free Press

## Your Eyes

A Wholesome, Cleansing, Refreshing and Healing Lotion—Murine for Redness, Soreness, Granulation, Itching and Burning of the Eyes or Eyelids. "2 Drops" After the Movies, Motoring or Golf will win your confidence. Ask Your Druggist for Murine when your Eyes Need Care. M-I-I Murine Eye Remedy Co., Chicago

## A m To Make World Safe For Teetotaler

Anti-Saloon League of Nations to Be Organized

Washington.—"The Anti-Saloon League of Nations," with aims of making the world safe for the teetotaler, will be organized here. The American anti-saloon league is the sponsor.

A covenant has been framed by a special committee for the international organization for submission to the American league's convention.

Plans are for all nations, large and small, to have an equal representation, but it is admitted that the United States, between the dominant prohibition power, probably will be in control. The "secretariat" is expected to be located at Washington. A special foreign relations committee of the "league" is provided with Jas. A. White, of Columbus, as chairman.

Germany has not yet applied for admission to the "league," but other countries that will have charter members besides the United States are: Canada, Great Britain, France, Ireland, Italy, Scotland, Japan, New Zealand, Australia and Mexico.

## Japan's Isolation

Military and Financial Provisions to Offset Menace

Tokio.—T. Nakahashi, minister of education, recently pointed out in a speech at a political meeting that Japan may be left in an isolated position with relation to the great powers. He said: "Russia and Germany are now ruined and there are only three great powers in the west—Great Britain, France and America. These three powers can easily get together because their language and strength are about the same, but Japan, being of a different race, may have to stand absolutely alone."

"Japan, therefore, must provide against this by regulating her finance and strengthening her national defence."

## Iowa Bankers Secure 8,000 Acres

Winnipeg.—On the invitation of D. A. Downie, of Winnipeg, a party of Iowa bankers visited Western Canada last fall and made quite an extensive tour of the country. As a result of this visit they have secured a track of 8,000 acres of land in the Swan river valley, which they intend to get under cultivation as quickly as possible. They plan to break 3,000 acres this summer.

A man never loses money on fast horses. It is the slow ones that drive him to the free lunch counter.

## "It Freed Me Of Headaches"

This is What Many Thousands of People Write About Dr. Chase's Nerve Food—Not Mere Relief, But Lasting Cure

Chauvin, Alta., June 14.—When the human system gets run down, the blood thin and the nerves exhausted, one of the most constant and distressing symptoms is headache. There is always a temptation to use strong drugs to ease the pain, but such relief is only temporary, and is obtained at enormous expense to the nervous system, and the headaches return with increased violence.

Real cure is only obtained when the vigor of the nervous system is restored by such treatment as Dr. Chase's Nerve Food.

Mr. Rene Page, Chauvin, Alta., writes:

"I have used Dr. Chase's Nerve Food, with splendid results. Some little time ago I seemed to lose my appetite, and suffered from frequent headaches. A treatment of the Nerve Food soon put me on my feet again. It helped my appetite, freed me from headaches, and restored my health. I feel like a new man now, and think Dr. Chase's Nerve Food the greatest remedy ever known. I also have to thank Dr. Chase's Ointment for a speedy cure of barber's itch. I have used it for pimples and burns, too."

Certified to by Leger E. Roy, J.P., Chauvin, Alta.

Mrs. C. H. Christoffer, Greenbrier, Sask., writes:

"It is a pleasure to me to write you in praise of Dr. Chase's Nerve Food. I suffered for over twenty years from rheumatism, neuralgia, violent headaches and palpitation of the heart. My back ached, I could not sleep, and was always tired and nervous. I had taken a great many medicines of one kind and another, but never got anything to help me until I used Dr. Chase's Nerve Food. This did me more good than all the medicines I ever took, and I cannot say enough in praise of it."

This letter is endorsed by Mr. J. C. Bleich, Postmaster at Greenbrier.

## RICH, RED BLOOD MEANS HEALTH

Weak, Pale People Require a Blood-Making Medicine

It took centuries for medical science to discover that the blood is the life. Now, it is known that if the blood were always abundant, rich and pure, very few people would ever be ill. It was not until the end of the 19th century that an instrument was invented for measuring the red part of the blood. Then doctors could tell just how anaemic a patient had become, and with medicine to make new blood the patient soon got well.

All the blood in the body is nourished and kept rich and red by the food taken daily, but when, for any reason, a person is run down and cannot make sufficient blood from the food to keep the body in health, then a blood-making medicine is required. The simplest and very best of blood-makers suitable for home use by anyone is Dr. Williams' Pink Pills. When a course of these pills is taken their good effect is soon shown in an improved appetite, stronger nerves, a sound digestion and an ability to master your work and enjoy leisure hours.

For women there is a prompt relief of, or prevention of ailments which make life a burden. Mrs. Thos. Kaake, Trenton, Ont., tells how she obtained new health and strength through the use of Dr. Williams' Pink Pills. She says: "The weakness came on me so gradually that at first it was hardly noticeable. But after a time it got so that I could not go upstairs without stopping to rest. Every particle of color left my hands and face, and the least exertion would tire me and leave my heart palpitating violently. I consulted a doctor who told me the trouble was anaemia and prescribed a tonic. I took this medicine for some time, but it did not seem to help me a bit. Then I read of a cure in a similar case through Dr. Williams' Pink Pills, and decided to try them. The result was these pills made me feel like a new woman. I have gained all my former health and strength, and feel that I owe my present condition entirely to Dr. Williams' Pink Pills."

You can get these pills through any dealer in medicine, or by mail at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

## Not Much

The average yearly consumption of soap in Russia for each person is only a little more than two pounds.

## With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.

## Relief Work In Palestine

Jews in Palestine Well Cared for By British Government

New York, N.Y.—That the Jews in Palestine have been well cared for by the British Government, and that plans for their education and economic establishment are progressing well was announced by Felix M. Warburg, in his first report as chairman of the joint distribution committee, which has handled some \$19,000,000 raised in the United States for Jewish relief.

Mr. Warburg urges the adoption by people in this country of Jewish orphans, just as war orphans of France and Belgium are adopted here.

He says that this is no time to talk of reconstruction, since the need of temporary relief in the way of food and clothing is so immediate.

## Largest Tank in the World

The largest oil reservoir in the world has just been completed at Rosyth for the British Navy. An account of this immense work, which appears in Engineering, states that it is in two sections, with a total capacity of 60,000,000 gallons, and covers 11½ acres. It is built of concrete on a rock foundation and is roofed over.

W. N. U. 1268

## British Immigration Will Be Facilitated

Every Indication That Some Scheme Will Be Brought Forward

London.—There is every indication that some comprehensive scheme of emigration will be brought forward before long, now that Lord Milner, secretary of state for the colonies, is giving the matter so much attention.

At a meeting held in London quite recently and convened by the British Women's Emigration association, the South African Colonization society, and the Colonial Intelligence league, Lord Milner made an interesting speech, stating that in his opinion the flow of emigration, which he described as a healthy and natural process, had to be directed into the right channels, and that the government should give far more help and guidance in the matter than it had done in the past.

## LEMONS WHITEN AND BEAUTIFY THE SKIN

Make This Beauty Lotion Cheaply for Your Face, Neck, Arms and Hands

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

## Battlefield Mystery

Flowers not known within living memory to the natives of the districts are breaking out on the scarred surface and in the shell holes and dug-outs of the battlefields of France. It is believed that the strange flowers have sprung from seeds buried in the depths of the earth for decades. A leading London botanist tells The Weekly Dispatch it is known that seeds have been buried for upwards of 60 years without losing their power of germination, and he thinks it is quite possible that strange plants are now flowering as reported, as the tearing up of the earth by heavy shell fire may have created conditions for their growth after having long lain dormant.

## "Black Watch"—The Best Black Plug Chewing Tobacco on the Market

Told Berlin Germany Began War

Captain von Berfeld, who published the famous memoirs of Prince Lichnowsky, was permitted to speak in Berlin last week, and he declared Germany guilty of starting the war.

Prince Lichnowsky, former ambassador to Great Britain, put the guilt on Germany in the papers which were published in Berfeld.

## A Labor Saving Combination

"It is the last straw that breaks the camel's back." So runs the old proverb. And it is the little extra efforts which tire you out on wash-day.

Eddy's  
Indurated Fibreware  
Washtubs and  
Washboards

form a combination which save you much extra labor. Indurated Fibreware tubs are much easier to lift and to move about. They keep the water hot for a much longer space of time, because they do not conduct heat as metal does. They are easier to keep clean, because they are made in one piece without joint or seam, and the hard, glazed surface is impervious to liquids or odors. And they cost no more. Last longer, too.

Eddy's Twin Beaver Washboard has a double rubbing surface of Indurated Fibreware which loosens the dirt quickly and saves many tiresome motions.

The E. B. EDDY CO. Limited  
HULL, Canada

Also makers of the Famous Eddy Matches

## More and better shaves

Did you ever see a barber start to shave a customer without stopping his razor first? Never! Isn't this fact significant?

Stropping, you see, is needed to reform the saw-like edge that results from shaving; to keep the blade free from rust; and to give you for each morning's shave a keen-edged blade. The self-stropping feature of the AutoStrop Razor preserves the keen edge that makes shaving comfort possible.

Stropping — shaving, cleaning, are all done without removing the blade from the razor.

Razor — Strop — 12 blades — \$5

**AutoStrop**

## MONEY ORDERS

Remit by Dominion Express Money Order. If lost or stolen, you get your money back.

## Wholesale Emigration Is Planned

London.—The Canadian Associated Press understands that an agreement has been reached for the promotion of an imperial scheme of emigration to enable British soldiers to settle in the dominions. The basis of the plan is free passage provided by the British Government and loans at pre-war interest. The idea is to open up new tracts, build railways, and generally finance settlers. This scheme is independent of the plans of the dominions for their soldiers.

### Amendments Made to Prov. Stock Act

#### Question of Stock Running at Large In Municipal Districts

Under the provisions of the Municipal District Act, sections 206 to 216a inclusive, authority is given to any municipal district to pass a by-law with reference to stock running at large. By the amendments made to the Act at the recent session of the Legislature, at the request of the Hon. A. G. McKay Minister of Municipal Affairs, any bylaw of a municipal district with reference to stock running at large, must be submitted for approval of the Minister before it can be advertised as provided for by section 214 of the said Act; and any municipal council that is considering the putting into force of a bylaw with reference to stock running at large, should be careful to see that they have the necessary approval endorsed on a certified copy of their bylaw before it is advertised. This amendment was asked for, not because it was desired to interfere in any way with the business of the municipal districts, but for the purpose of protecting municipal districts, as far as possible, from trying to enforce a bylaw which would be illegal, and which would get them into trouble. The following is a copy of the model form of bylaw which is being sent out to the municipal districts under the instructions of the Minister, so that they may draw up their bylaw in accordance therewith:

BY-LAW NO. —, —.

A By-Law of the Municipal District of —, No. —, for restraining animals at large.

1. No horse, etc., (describe animals to be affected) the property of any person, resident or non-resident, within the said Municipal District of —, No. —, shall at any time be at large in that part of the said Municipal District, particularly described as follows: — (if it is not desired to restrain animals from running at large in any part of the district, use the words "in any part of the said Municipal District;" if, during certain months of the year, substitute particular months for the words "at any time.")

2. An animal at large shall be deemed to be any animal not under direct control of the owner or someone acting under his authority, or not confined within any building or lawful fence.

3. Any animal at large contrary to the provisions of this bylaw may be impounded in the manner herein provided for.

4. Pounds shall be established as follows (location of pounds and names of poundkeeper shall be added.)

5. Any fence conforming with the requirements of the fence ordinance shall be deemed to be a lawful fence (or the municipal district may define the fence they desire to have as a lawful fence.)

6. Notwithstanding anything herein contained, any resident of the said municipal district may allow — head of horses or cattle (up to 100 may be allowed, or in the alternative up to 500 sheep) to run at large for every 160 acres of land owned by him within such district.

7. The provisions of sections 208 to 215 inclusive of the Municipal District Act shall be deemed to be incorporated in and form part of this bylaw.

8. The provisions of the Stray Animals Ordinance, the Entire Animals Ordinance, the Herd Ordinance and the Pound District Ordinance shall cease to be operative within the said municipal district on the coming into force of this bylaw (if it is desired to retain the Stray Animals Ordinance or the Entire Animals Ordinance, the one to be retained shall not be mentioned in this section.)

9. Any person who suffers or permits any animal, which he is entitled to possession of, to be at large within the said municipal district, shall be guilty of breach of this bylaw, and shall, under summary conviction under Part XV of the Code, forfeit and pay as a penalty an amount not exceeding one hundred dollars and costs, and in default of payment forthwith after conviction, shall be liable to punishment by imprisonment with or without hard labor for a period not exceeding thirty days, unless such fine and costs, including the cost of committal, are sooner paid.

Done and passed in Council this — day of —, A.D. 19—.

Mayor.

Municipal District Seal.

Secretary-Treasurer.

Referring to this model form of bylaw, the following points should be carefully noted:

Section 1 refers to "resident or non-resident." If it is desirable to make the bylaw apply to nonresidents only, the necessary change should be made.

Section 6 provides for the limiting of the number of cattle, horses or sheep that a man owning land within the municipal district may allow to run at large.

The question of the number that may be allowed to run at large in any municipal district rests with the Council of the district, but no provision can be inserted in the bylaw so as to allow

the owner of land to have more than 100 hundred cattle or horses, or 500 sheep running at large for each quarter section of land in the municipal district owned by him. It should, of course, be borne in mind that it is not necessary for the municipal council to deal with this point at all unless they so desire.

It is important that the provisions of the Act in regard to advertising of the bylaw should be carefully followed; that is, that any bylaw with reference to stock running at large, which the council of the municipal district intends putting into operation, should, after the form of bylaw has been approved by the minister, be advertised by notice in some newspaper published in the municipality; or if there be no newspaper in the municipality, in some newspaper having a circulation therein. Such notice shall contain a synopsis of the bylaw, and in addition, a copy of the bylaw is required to be posted up in fifteen conspicuous places in the municipality, one of these places being the office of the secretary-treasurer.

If within thirty days of the publication of the notice in the newspaper, ten resident electors of the municipal district petition the Council to do so, the bylaw must be submitted to a vote of the resident electors, and a two-thirds majority of those voting is required before the council can place the bylaw in operation.

### The "One Big Union"

The general strike which has held Winnipeg in its grip since the 15th of May, coupled with the attempt made to extend it throughout the whole of Western Canada, and even into Eastern Canada, has directed public attention very closely to the movement for the formation of One Big Union in this country, because this Winnipeg strike has been modelled and managed on the One Big Union plan. In reality it is not an industrial strike such as have hitherto taken place in Canada, but an attempt at revolution—not merely an industrial revolution, but a genuine political revolution, because the industrial revolution which is sought to be brought about is only possible by first achieving a political revolution, and the complete overthrow of existing forms of responsible constitutional government.

At the Western Canada Labor conference held in Calgary in March, at which the One Big Union was decided upon, a resolution was presented to take political action and form a political labor party. The resolution was tabled, one of the One Big Union leaders declaring that what the workers wanted they must take by power. Another delegate during a discussion on the franchise said: "I don't see any bearing on the matter, having a vote. I have been in the country fifteen years and never voted yet. So far as taking the franchise off, let it go so long as we line up conditions alongside the workers and fight. I don't see why we should worry about the vote; it is neither here nor there."

It will be seen, therefore, that the One Big Union does not propose to act along constitutional lines, but through the organization of all workers in One Big Union to apply force and take control, not only of all industry, but of government itself.

The One Big Union outlined its aim in a resolution, declaring: "Be it resolved that the aims of labor as represented by this convention are the abolition of the present system of production for profit, and the substituting thereof production for use." Further resolutions set forth that with the

"Just can't work any more." The faded, faded, over-worked woman, with pains here or there; should ask her neighbor for advice. Ten-to-one she was dragged down by the pains and ailments of her

sex, and was completely cured by that temperance tonic made from wild barks and roots, and known for 50 years as Dr. Pierce's Favorite Prescription. When a woman complains of backache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, or bearing-down, with nervousness, she should turn to this "temperance" herbal tonic, known as Dr. Pierce's Favorite Prescription. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid. Dr. Pierce, of Invalids' Hotel, Buffalo, N. Y., will send a trial size for 10-cents.

TORONTO, ONT.—"Dr. Pierce's Medicine has been a wonderful help to me and I recommend it in hope that others may be benefited by its use. When I was a girl I was always delicate. My mother thought she could never raise me. As I got older I grew worse, doctors said I would have to have an operation. I suffered at times untold agony. My mother started giving me 'Favorite Prescription,' and it finally cured me of all my trouble. After I married I used it again. My children are all healthy and strong. This medicine did wonders for me, saved me much suffering, and I can highly recommend it to weak women or those raising a family."—MRS. A. W. BOAS, 118 Tecumseh Street.

formation of the One Big Union the prevailing idea should be that "its ultimate goal will be the abolition of the wage system and that the six-hour day is only of transient importance, that our goal is the ownership of the land, mills, tools and instruments of production by the toiling masses themselves."

In order to make its intention perfectly clear the One Big Union convention unanimously declared: "Be it resolved that this conference places itself on record as being in full accord and sympathy with the aims and purposes of the Russian Bolshevik and German Spartacan revolutions." And in support of the policy of the One Big Union a foremost delegate said: "I realize you can't make the well pure by whitewashing the handle of the pump outside. I further realize that capitalism cannot be reformed, but can be destroyed, and we have got the organization to destroy it," a statement which the official labor report says was received with loud applause.

Further evidence of the revolutionary character and intention of the One Big Union was given in a resolution, in part as follows: "Whereas holding the belief in the ultimate supremacy of the working class in matters economic and political, and that the light of modern developments has proved that the legitimate aspirations of the labor movement are repeatedly obstructed by the existing political forms, clearly showing the capitalistic nature of the parliamentary machinery, this convention expresses its open conviction that the system of industrial soviet control by selection of representatives from industries is more efficient and of greater political value than the present system of government by selection from districts; this convention declares its full acceptance of the principle of 'proletarian dictatorship' as being absolute and efficient for the transformation of capitalist private property to communal wealth."

The Western Labor News, of Winnipeg, official organ of the strike committee in that city and a recognized organ of the One Big Union, in its issue of April 18 last, before the strike was called printed a large diagram showing how all workers, including all hired help engaged in general and stock farming, thrasher engineers, blacksmiths, sheep shearers, workers on irrigation ditches, fruit pickers, packers and box makers, were to be organized in the One Big Union. As in the Bolshevik soviet government in Russia, every man or woman who works for hire is to be organized in the one great organization with the plainly expressed intention of seizing all privately owned land and other property.

Once the organization of the One Big Union is perfected it is their declared intention to enforce any demand they see fit to make by using the weapon of a general strike to demoralize all industry, tie up railways, post offices, telegraphs and telephones and all public utilities, and, as stated in the Western Labor News, stop every wheel everywhere turning for any purpose whatsoever.

It will be seen, therefore, that the rural residents of Canada are just as deeply concerned in, and will just as directly be affected by, the One Big Union as will the residents of the cities and towns. It aims at a complete revolution in this Dominion. Realizing that all wealth comes from the land, it proposes to put an end to all private ownership of land. Instead of making use of constitutional forms to right grievances and effect reforms, it openly declares its intention to use force. It is the old Hun doctrine that might is right.

Canadians everywhere, of all classes, must be alert, vigilant, and firm in their resistance to the introduction of this frankly avowed form of Russian Bolshevism into their Dominion, a system which has brought unnumberable horrors, sufferings and losses upon Russia.

#### His Prayer

An officer of the A. E. F. relates the following:

"We had a bunch of negro troops on board and it was a terrible experience to them, as most of them had never been away from home before. They were very religious and used to pray all over the ship. One big buck held a prayer right outside my window thus: 'Oh, Lord, if Thou doesn't do another thing on this trip, call this ocean to attention.'"—Everybody's Magazine.

### For Your Car

### this Polish

especially made to prolong the finish and improve the appearance of the automobile body. You can make your car look just like new, yourself, with KLEANALL. DOMESTIC SPECIALTY Co. Limited, Hamilton, Canada. Also manufacturers of Auto Wax, Renewall, Auto Top Dressings, Eagle Rubies, Cement.

#### Oysters and Cement

Oyster shells are being used extensively in the manufacture of Portland cement along the coast of the Gulf of Mexico.

Ask for Minard's and take no other.

#### Oil in Siam

In Siam the natives obtain petroleum from the earth by digging pits about 60 feet deep and dipping the oil out with pails.

Miller's Worm Powders were devised to promptly relieve children who suffer from the ravages of worms. It is a simple preparation warranted to destroy stomachic and intestinal worms without shock or injury to the most sensitive system. They act thoroughly and painlessly, and though in some cases they may cause vomiting, that is an indication of their powerful action and not of any nauseating property.

A dive to a depth of 262 feet in the sea by a Greek sponge fisherman is believed to be the world's record for a man unprotected by diving apparatus.

### A FRIGHTFUL FIRE

Causes widespread sorrow—likewise a lively can cause much pain—the cure is "Putnam's," the old reliable Putnam's Corn Extractor, that never fails and always cures; try it, 25c, at all dealers.

### Dead Mail

Public Is Becoming Careless With Its Correspondence

The public is becoming more and more careless with its correspondence. During 1918 the Division of Dead Letters received 14,451,953 pieces of first class mail, an increase of 837,026 over the previous year. An unusual number of suitcases and travelling bags without address also came in to this division.

Cheques, drafts, money orders and other valuable enclosures of the face value of \$4,194,839 were received in letters and \$177,638 in actual money. Of this, \$37,918 could not be traced and delivered, and consequently was turned into the treasury. The net revenue of the dead letter service during the year was \$81,563, an increase of \$22,298 over 1917.

The only tales that dead men tell are ghost stories.

W. N. U. 1268

### America's Record In War Commended

Lord Robert Cecil Declares He Doubts If Ever a Nation Fought So Unselfishly

Paris, France.—Lord Robert Cecil has given his impressions of the peace conference. In his section of the peace work he was happy to say that the American and British delegations had worked in closest sympathy and co-operation throughout. He emphasized the unselfish aims of the United States in connection with the war, and said, in reference to the apparent opposition in the United States to the League of Nations, that it would indeed be deplorable if the record of America should in any way be marred when the peace conference came to an end.

America has striven for peace, said Lord Robert, but it has been a peace without material reward. "She has sought no territorial aggrandizement and no financial advantage. I doubt if there is any example in history of a nation which has taken part in a struggle of comparable magnitude which has at the end asked for no direct national reward," Lord Robert declared.

#### To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets). It stops the Cough and Headache and works off the Cold. E. W. GROVES' signature on each box. 30c.

Wife: Richard, I wish you would take care of the baby for an hour or two. I am going to have a tooth pulled.

Husband: See here, dearie, you mind the baby, and I'll go and get a couple of teeth pulled. — Cartoons Magazine.

Minard's Liniment used by Physicians

#### A Violent Peace

"And you call yourself a lover of peace!" said Mr. Rafferty.

"I do," answered Mr. Dolan. "After intentionally droppin' the brick on Casey?"

"Yes. I've never known Casey to be so peaceful as he was just after I dropped that brick."

#### "Black Watch"—The Best Black Plug Chewing Tobacco on the Market

"Anybody who doubts the wisdom of the Chinese should read their proverbs. The Chinese have a book of ten thousand proverbs, and they're all as wise and true as the first one in the volume, which says:

"It is safer to pull a tiger's tail than to call a woman's attention to her first gray hair."—Detroit Free Press.

The land crab of Cuba has more speed than the horse or ostrich.

Relief from Asthma.—Who can describe the complete relief from suffering which follows the use of Dr. J. D. Kellogg's Asthma Remedy? Who can express the feeling of joy that comes when its soft and gentle influence relieves the tightened, choking air tubes? It has made asthmatic affliction a thing of the past for thousands. It never fails. Good druggists everywhere have sold it for years.

#### Why, Certainly

Attorney (to old Servant): Madam, you say you were present at the writing of this will. Where was it signed?

Servant: At the bottom, sir.

Protect the child from the ravages of worms by using Mother Graves' Worm Exterminator. It is a standard remedy, and years of use have enhanced its reputation.

A woman can get a shirtless husband in about five minutes, but it sometimes takes a lifetime to get rid of him.

Keep Minard's Liniment in the house.

#### Aberdeen to Canada!

The reopening of the Channel Tunnel question recalls the fact that, at the opening of the Forth Bridge by the late King Edward, then Prince of Wales, on March 4th, 1890, the program bore a picture of an engine named "Progress" drawing a "through carriage"—Aberdeen, London, Dover, Channel Tunnel, for Paris, Berlin, St. Petersburg, Alaska, Canada. That was twenty-nine years ago, and St. Petersburg has become Petrograd in the interval, but the artist's dream remains otherwise unchanged.

But few men ever make their way through the world on the strength of their phenological developments.

### Wash Out Your Pores With Cuticura Soap

And have a clear, sweet, healthy skin with little trouble and trifling expense. Contrast this simple wholesome treatment with tiresome massaging and other fads. On retiring smear the face with Cuticura Ointment on the end of the finger, wash off in five minutes with Cuticura Soap and hot water, using plenty of soap, best applied with the hands which it softens wonderfully, and continue bathing a few moments.

Rinse with tepid water, dry gently and dust on a few grains of Cuticura Talcum Powder, a delicate fascinating fragrance. Soap, Ointment and Talcum sold everywhere.

#### Worse

Typhlist: Is there anything more exasperating than to have a wife who can cook, but won't do it?

Dyspeptic: Yes, to have one that can't cook and will do it.

Between two evils some folks have no choice; they embrace both.

### CHILDREN NEED HELP

Spanking doesn't cure bed-wetting—the trouble is due to weakness of the internal organs. My successful home treatment will be found helpful. Send no money, but write me today. My treatment is equally successful for adults, troubled with urinary difficulties. MRS. M. SUMMERS, Box 42 Windsor, Ont.

### How to Purify the Blood

"Fifteen to thirty drops of Extract of Roots, commonly called Mother Selig's Carative Syrup, may be taken in water with meals and at bedtime, for the cure of indigestion, constipation and bad blood. Persistence in this treatment will effect a cure in nearly every case." Get the genuine at druggists.

## Sousa's Famous Band at Calgary Exhibition

Probably no composer in the world today has a popularity equal to that of Lieut. John Philip Sousa. This is due to two factors. His marches are the recognized criterion in all parts of the civilized world, and his personality has endeared him to the people at large. He has been rightly called the "pulse of the nation." March tunes, though rated by some as not the highest form of art, have nevertheless a function peculiarly their own. Sousa's marches have founded a school and have revolutionized martial music, for they possess merit of distinct individuality as well as supreme architectural qualities. Moreover, they have an additional value inherent in themselves—that of instilling courage into the soldier and furnishing inspiration that will make them march into battle and face death gladly. Sousa has been able to express in these marches the entire scope of military psychology which no other composer has ever done, consequently everyone must instinctively feel only gratitude to and homage for this remarkable man.

In his concerts at the Calgary Exhibition, June 28th to July 5th, Sousa will give a programme replete with classic and artistic gems, with many of his famous marches interspersed to arouse and enthuse the most undemonstrative dispositions.

### Old-Timers Leave District

M. Ryckman and E. E. Wilson were visitors at B. C. points last week. Mack has decided to remove to Enderby, B.C., and will hold an auction sale of household furniture, etc., on Monday, June 23. He sold his fine grounds and residence a short time ago to Mr. Gochee.

Mr. and Mrs. Ryckman were amongst the very first settlers to come to this district, having been here now 24 years. Mr. Ryckman homesteaded on the quarter-section which is now owned by Lee Sanderman, north-west of the town, which he sold a few years ago and located on his present property. They will be greatly missed in the town, as well as throughout the district, and their many friends will wish them all kinds of good luck in their new home.

### Edwards-Acton

The marriage of Miss Dora Emily Acton to Mr. David Alexander Edwards took place at St. Thomas' manse, Saskatoon, on Wednesday, June 4th, 1919, Dr. J. L. Nicol being the officiating clergyman. The happy couple have arrived home in Didsbury, where they will make their home for the future.

### DAIRY NOTES

"Farm Seeds, Grain, Mill Feed and Concentrates, Their Nature and Composition," is the title of Bulletin No. 36, issued by the Department of Agriculture, at the present time especially, when the prices of the classes of feeds dealt with in this publication are so high, there is a pressing need of the farmer being given information of the actual value of the feeds, especially among stock and dairymen. This is done by scientific analysis of the food values of the products of the farm, which is shown in comprehensive and tabulated forms. This bulletin should be of value to Didsbury district, where the dairy industry is carried on so extensively. Free copies of this publication may be had by writing to J. H. Grisdale, director of Experimental Farms, Ottawa, Ont.

### CLOSING SALE

## Does a Farmer Need a Truck?

THE farmer with a Ford Truck practically lives next door to the market.

He has a choice of markets.

He becomes more independent.

He can market his goods when and where he pleases.

He sells his crop to the very best advantage.

And his hauling costs him less—in labor and money.

It is not only cheaper to haul with a Ford Truck than with a team and wagon, it is quicker, it is easier work.

Consider the time and labor the farmer can save with a Ford Truck. With a team the trip to town takes the better part of a day.

A Ford Truck makes the same trip in two or three hours.

When labor is so scarce, what farmer can afford to waste day after day of his valuable time?

**Ford Trucks Complete with Body and Enclosed Cab**

Ford One-Ton Trucks are now supplied, if desired, with standard truck bodies in two types, the Stake Body and the Express Body.

In both standard bodies the extra may be supplied with or without doors as desired.

See these complete Ford Trucks. Consider the matter from every angle; the cost of feeding horses against the cost of running a Ford Truck; the time you lose on the road; the money you lose by being so far from the best markets. There is only one conclusion you can come to. You will have a Ford Truck.

Price (Chassis only)  
\$750 f.o.b. Ford, Ont.

THE Old Duke of Argyll was the best informed man in Great Britain. He read every bit of Advertising that came his way, and he gave all the credit to Advertising.

# Huns Must Sign Treaty This Week

Paris.—Distinct progress was reported on the reply of the allied and associated governments to the German counter-proposals. The government will be given five days' limit for final action, which would therefore come on or before June 18.

The main feature of this progress was an agreement regarding the reparation terms, which have been the subject of a sharp controversy during the past ten days.

As finally adopted, the terms do not fix the definite amount of reparations, but the commission is required to fix the amount within four months of the signing of the treaty.

The main changes are explanations rather than modifications, in order to meet the contention that the financial commission was vexatious, inquisitorial on Germany's rights to conduct her own financial affairs.

The revised terms clear away much that was open to the construction of being vexatious.

Final action on Germany's request for admission to the League of Nations has not yet been reached, but the discussion is declared to be tending toward an accord.

The Silesian question, which has given difficulty, also has virtually been settled. It is practically certain that the revised treaty will not be submitted to a plenary conference with the smaller powers before the reply is sent to the Germans. The revised treaty and memorandum accompanying the treaty will be sent to Count von Brockdorff-Rantzau, head of the German delegation, by messenger without ceremony.

## Dry City To Have \$7,000,000 Hotel

Work Will Be Started Within Sixty Days

Detroit, Michigan.—In view of the repeated statements of the liquor interests that prohibition would ruin the hotel business of the state, it is interesting to note the announcement that work will be started within sixty days on a hotel for Detroit, which will cost \$7,000,000, and contain 1,000 rooms. It will be financed entirely with Detroit capital. The site fronts on Madison avenue, Witherell street, and Adams avenue, and the hotel will overlook Grand Circus Park.

## Rhenish Republic Ready To Pay Share

Cologne.—Dr. Darten, president of the new Rhenish republic, has telegraphed Sir William Robertson, commander of the British forces of occupation here, announcing the formation of the republic and repudiating any desire to evade a "just share in the reparation of war damages." He appeals to the entente powers to protect the new state from inevitable revenge from Prussian militarism.

London.—Bela Kun, the Hungarian Communist foreign minister, in reply to a message from Premier Clemenceau, according to a wireless dispatch from Budapest, agrees to stop hostilities with the Czechoslovaks, although he claims the Czechs are to blame for the fighting because they disregard the frontier marked by the allies.

## Hon. Crerar Speaks On The Budget

Is Opposed to Fiscal Policy, While Hon. Calder Is Satisfied

Ottawa.—Members of the commons who anticipated a livening up of the budget debate because Hon. T. A. Crerar and Hon. J. A. Calder were billed to speak were not disappointed. Mr. Crerar explained that he had dropped out of the government because he found himself in sharp opposition to his colleagues on the fiscal policy, and the only honorable course to pursue was to tender his resignation. Mr. Calder, on the other hand, maintained that until demobilization is complete the tariff was not an issue.

Mr. Crerar objected to the budget because of its protectionist tendencies, while Mr. Calder maintained that he would have been satisfied had no tariff changes been announced this session. He agreed with Sir Thomas White's proposals to have tariff revision a little later on, whereas Mr. Crerar was of the opinion that it should take place now as a means of helping production and reducing the cost of living.

The ex-minister of agriculture suggested various means of raising revenue, including a tax on unimproved values of land, which, he said, would yield from 70 to 80 million dollars per annum.

Mr. Calder emphasized the point that the retirement of other Liberal Unionists from the cabinet would precipitate a political crisis, and asserted that despite the pleadings and even threats of many of his friends, he proposed to follow his own counsel. He intimated his belief that when the principles underlying the revision of the tariff became a matter of consideration by the cabinet, the time may have arrived for the retirement of the other ministers of the government. Closing, he expressed the fear that a dangerous situation will be created if no effort is made to remove the cleavage between east and west.

## Japanese Boycott

Bankers, Merchants and Workmen Lending Support to Movement

Peking.—The Chinese government is unable to stem the tide of the Japanese boycott movement, being pushed by the students. The bankers, merchants and workmen in Shanghai are lending their support to the movement.

The government decided to release the students arrested several days ago, but the students decline to leave the university in which they are confined unless the chief of police publicly apologizes for the arrests.

Demonstrations in favor of the boycott movement continue without restriction.

## Austrians Appeal for Assistance

Paris.—The Austrian delegation at St. Germain has asked Germany to protest to the allies against the rigor of the peace terms presented to Austria, the Havas Agency says it is informed from a reliable source. The reported action of the Austrians is unfavorably commented upon here.

## Rioting In Winnipeg

War Hero Injured By Mob and Special Constable Shot

Winnipeg.—Following the first really serious conflict between returned soldier constables acting in place of the regular police force, which was dismissed by the police commission following refusal to pledge themselves to refrain from joining sympathetic strikes, seven arrests were made. Serious trouble resulted when a large crowd of strike sympathizers jeered and booed the special constables.

The crowd surged into the street, and it was in an effort to clear a path for vehicles that the specials came into conflict with demonstrators. One of the mounted constables, Sergeant Frederick G. Copping, winner of the Victoria Cross in the great war, was the only person seriously injured. He was dragged from his horse and severely pummeled before being rescued.

When a squad of special police was dispatched to the aid of their sorely pressed comrades, they were met by a fusillade of missiles, and the police retaliated by a free use of their batons on the heads of demonstrators.

The appearance of an additional detail of 200 policemen marching down Main street in platoon formation had a calming effect on the crowd and the rioting ceased as suddenly as it began.

In another clash between a crowd led by aliens and four special constables, Constable T. S. Morrison is lying in the hospital with a shot wound through his thigh and body contusions. One of his comrades was struck over the head with a club and knocked unconscious, but is not seriously injured.

Special Constable Morrison was on patrol duty in the vicinity of the Canadian Pacific railway station on Higgins avenue in company with three other officers. A hostile crowd, of what is estimated to have been over a hundred persons, of whom the majority are alleged to have been alien strikers, commenced to gather, and for some time continued to heckle the constables. Suddenly the crowd closed around the policemen. Morrison was the last officer to be disposed of by the crowd, being knocked unconscious by a blow on the back of the head. At the instant that he fell a big man was seen to have a raised club above his head. An automobile then reached the scene, and the driver, seeing the raised club, drew a revolver and fired low at the assailant. The bullet missed the object and passed through the thigh of Constable Morrison, whom the driver had intended to aid.

At a special meeting of the police commission a resolution was passed relieving the chief of police, Donald MacPherson. Chris H. Newton, hitherto deputy chief, is now the acting chief.

In a statement issued by the police commissioners it is stated that the commission "deemed it advisable to place the reorganization of the police force in charge of Deputy Chief Newton."

## "Black Watch"—The Best Black Plug Chewing Tobacco on the Market

## Hamlets That Never Can Be Rebuilt

Paris.—Investigations by the commission which is examining the devastated regions of France are confirming the previous evidence that many of the beautiful towns and hamlets of the battle area are so totally ruined that they never can be rebuilt.

Vaux, of immortal fame, has taken its place in the long list, and the mayors of two other historic villages, Domamont and Fleury, have recently notified their people, who are refugees in various parts of France, that these places cannot be reclaimed. Not only is the soil in such shape that it cannot be cultivated for many years, but the ruined hamlets are filled with hidden explosives and other dangers.

## Protests Against Territory Losses

Paris.—An Austrian note complains strongly against the dismemberment of Austria, particularly the separation of Bohemia and the Tyrol. The note says that Austria cannot survive the loss of her industries. It is added that the Austrian delegation is prepared to send immediately observations on the territorial clauses of the peace terms.

# Germans Fear A Blockade Renewal

## Overpayments To Soldiers Found

Inquiry By Public Accounts Committee Reveals Many Errors

Ottawa.—The inquiry by the public accounts committee into overpayments made by the separation allowance and assigned pay branch of the Militia Department to soldiers and their dependents was continued, with Mr. T. Cox, chief accountant of the branch, as the chief witness.

Mr. Cox informed the committee that overpayments totalling \$202,000 had been definitely ascertained, but that there are from twenty to twenty-five thousand ledgers showing overpayments in addition and that the total had not been figured up.

Mr. Vent, who was conducting the inquiry for the opposition, declared that the sum could be ascertained by two clerks with an adding machine in a couple of days, but Mr. Cox said it would take his whole staff six days to do the work.

Finally Mr. Cox undertook to do his best to have the figures available for the committee by Wednesday.

The witness had previously explained that when an undischarged soldier is overpaid, the amount is recoverable from his pay, and when he is discharged the department still has recourse to the soldier's war gratuity. Overpayments were first discovered as the result of an inquiry held in 1917. They are due in most cases to overlapping of payments in England and Canada, which could not always be avoided.

Mr. Jacobs asked the witness if it was so that pensions had been paid to the relatives of soldiers believed to be dead, and they had turned up safe and sound. Mr. Cox said he had heard of only one case of that kind. To Mr. Parent, the witness stated that over forty thousand dollars overpayment has so far been recovered from the war service gratuity fund.

## Suing Labor Unions For Losses By Strike

Important Question Raised by Suit in Courts of the United States

Pittsburgh, Pa.—The people of Pittsburgh, through A. E. Anderson, an attorney, filed a suit in equity in court here against the Amalgamated Association of Street and Electric Railway employees, in which the union is asked to pay damages of \$2,035,000.78, which sum it is claimed was lost by the people as a result of the recent strike of the street car employees.

The suit raises the question of the right of employers engaged in such a service to strike to enforce demands for better pay and improved working conditions. Receivers of the Pittsburgh railway company are named as party defendants.

# Assist Veterans To Go On The Land

Ottawa.—When Hon. Dr. Beland rose to continue the debate on the budget he was vigorously applauded by members of both sides of the House.

With the war over, said Dr. Beland, Canada's soldiers were now returning to their homes. What the government should do was to help as many of these men who desired to become farmers to settle on the land. The financial assistance which the government offered to soldiers who wished to settle on the land was not sufficient incentive. He believed the government should give to them a fiscal policy which would in itself be an invitation to become farmers. The farmer wanted free implements. Granted the admission of things necessary to make a home, Dr. Beland asserted immigration should be stopped for a time at least, or at any rate confined to farm laborers and domestic servants. He regretted very much the Siberian expedition, and he had not found anyone in Canada to approve it.

Berlin.—(Reuter's.)—A terrible picture of the fate awaiting Germany unless she signs the peace treaty is drawn by the Vossische Zeitung, which prophesies that "the allies will, in any case, occupy more of the west German industrial region. The Poles will attack us in the east. In a short time trains will cease to run owing to lack of coal. Our towns will be without gas, food and electricity, and we will be unable to thresh the new corn except with the flail. Our industries will cease owing to lack of raw materials. In short, the life of the whole nation will come to a standstill and collapse."

The Journal further pictures Soviet republics being established all over Germany with Berlin as a Soviet republic. It finally begs all who are opposed to signature of the peace treaty to reconsider the question in the light of these possibilities.

## Crimes Charged Against Germany

British War Secretary Announces Some Cases Laid Before Investigators

London.—Winston Spencer Churchill, secretary for war, announced in the house that the facts in the following cases had been laid before the committee appointed by the attorney-general to investigate alleged violations of the laws of war.

Private McGraw, 1st Coldstream Guards, was tied to a post for three hours in a snowstorm on December 7, 1914, at Gastrow camp and died early the next day, probably from pneumonia.

Private Stimpson, 1st Coldstream Guards, reported to have been wounded in the thigh with a sword in the hands of a German adjutant at Schmiedemuhl camp on November 7, 1915, died in a hospital January 6, 1916.

Private Skett, 3rd Coldstream Guards, was a prisoner of war at Pines, on the eastern front, and being exhausted after a long march in the snow on April 7, 1917, was unable to proceed. He was ordered by a sentry to move on. On replying that he was unable to do so, the sentry deliberately killed him.

## Command Riga Gulf

Paris.—(French Wireless.)—The Council of Four has sanctioned the occupation of Oesel Island, which commands the entrance to the Gulf of Riga, by British troops. The Estonian government agreed on the occupation as a guarantee for the payment of financial aid to the Estonians.

Answers from over 200 locals of the Saskatchewan Grain Growers' association to a questionnaire sent out by the central office, asking for expressions of opinion in regard to the organized farmers entering politics, are all in the affirmative.

A Drink So Delicious that many prefer its flavor to that of any other table beverage.

**INSTANT POSTUM**

For old and young. Gives zest to any meal.

### Boys Shirt Waists

We have just received direct from the W. G. & R. shirt factory a nice assortment of Boys Blouses with the fancy silk sports collar, the kind boys like; for ages 6 to 12 years. Price, each, \$1.25

### Boys and Girls Cotton Jerseys

Just the thing for warm weather—in navy, white and khaki, for ages 4 to 12 years, each 75c.

### Little Boys Suits

Have just arrived. Sizes 3, 4, 5, 6, 7 years. They are here in Shepherd's check, navy corduroy, navy serge and fancy tweed. \$4.25, \$6.95, and \$7.50. Worth far more elsewhere.

### Window Shades

Without a doubt if you want the best value in Window Shades, also for the best assortment, try here first. 36in. shades at 85c., \$1.00, \$1.25, \$1.50. 47 1-2in. \$2.65. 52in. \$3.25.

### Children's Dresses REDUCED FOR THIS WEEK

Looking through our stock of Children's Dresses, for ages 3, 5 and 6 years, we find far too many and have decided to make a clean-up. Dresses worth \$1.10 to \$1.70, your choice for 80c.

## How Much Do You Think of Your Chickens?

Depends of course on what they do for you, and THAT depends on what you do for THEM.

The value of eggs and poultry in Canada for one year is simply staggering—almost unbelievable.

It simply shows that thousands of people are getting excellent results from their flocks, and should you enquire HOW they do it you will find that

- good housing
- correct feeding

have most to do with the satisfactory results. Take good care of your spring hatches—they are the ones that lay winter eggs.

BUILD THEM A GOOD HOUSE NOW

and next winter you will see results that will bring a smile to your face and dollars to your pocket book.

Glad to help you plan and figure your chicken house.

## AROUND THE TOWN

Dr. and Mrs. Moore of Olds called on Didsbury friends on Sunday afternoon.

Miss Martha Heagle of Calgary spent the week-end with her cousin, Miss Clara Cummings.

Mrs. J. Schmelke wishes to announce that she will not receive Thursday, June 19th, nor again this season.

The hot days are here, when the house-fly becomes a menace to good health. Keep it out of reach of all food and out of the house.

The first local baseball game of the season took place on Saturday afternoon, when Didsbury defeated Neapolis by a score of 14 to 8.

Memorial service to the late Elton Christener will be held at the Evangelical church on Sunday, June 22nd, at 3 o'clock.

Messrs. A. G. Studer, J. P. Good and Geo. Liesemer attended the Masonic Grand Lodge meeting held at Calgary last week. They report a good time.

The Rugby Women's Institute will hold a dance at the Rugby school-house on Friday night next, June 20th. Everybody is invited, and ladies are requested to bring lunch.

H. W. Chambers, our local Rexall druggist, attended the convention of Rexall distributors held at Banff last week. He reports a splendid convention and a good time.

J. B. Armstrong will hold one of the biggest auction sales of the season on his farm, the south half of sec. 5-31-27, W. 4, fourteen miles east and two miles south of Didsbury, on the south trail, on Tuesday, July 8th. Approximately 90 head of cattle, 20 head of horses and a complete equipment of farm machinery and household goods will be put up for sale without any reserve. Jim Phillipson will wield the gavel. See him smile! x

Mr. and Mrs. D. B. Crowell left on Saturday night, June 7th, for South Dakota and other points in the United States, for about two months. Letters from them state that they have had lots of rain and the crops are looking fine.

Mrs. Parker Reed entertained the members of the teaching staff at a lawn party in their spacious grounds on Saturday afternoon. The weather being ideal the time was spent in outdoor games, after which a dainty lunch was served. A very enjoyable time was spent.

Messrs. Parker R. Reed and J. L. Brown of the 50-50 Mutual Hail Insurance Society attended at the meeting of the directors of the Society in Calgary on Wednesday. This Company is doing an extremely fine hail insurance business, considering that it only commenced business late this spring.

The Presbyterian Ladies' Aid will hold a lawn social on Friday evening, June 27th, at 7.30, at the home of Mrs. Parker Reed. Coffee or tea and sandwiches will be served at 15c.; also ice cream and cake, 15c. Candy for sale. Good musical programme. Everybody welcome.

The Didsbury Woman's Institute meeting was held at the pleasant home of Mrs. W. McCoy, June 12. A profitable and genial time was spent in discussing several lines of work. A "draw" was taken on the Red Cross quilt, and the fortunate man was Mr. D. Wilson of Rosebud. A social half-hour was given at the close, and the ladies dispersed feeling much cheered for the afternoon.

"Goitre, Its Incidence, Course, Causation, Prophylaxis and Treatment" is the subject of a report prepared by Dr. Francis J. Shepherd for the Commission of Conservation. It has been published in pamphlet form, and copies of this report may be obtained on application to the Commission of Conservation, Ottawa.

At the end of 1918 Alberta had 235 Women's Institutes, with a membership of 9250. Upwards of forty of these Institutes have established rest-rooms, which have been found to be very useful in many ways. The local Institute has a good membership and recently fell into line and opened a comfortable rest-room near the post office, and has been well patronized.

According to reports the cut worm has done considerable damage to vegetable gardens in town and also to fields of grain. Where the destruction is complete, some farmers have sown barley, which does not appeal to the voracious appetite of the cut-worm as the young wheat. A good down-pour of rain would have a very beneficial effect in killing this pest and also in adding much needed moisture to the soil.

Auto thieves are operating in Didsbury. Charlie Hillebrecht had his Ford car stolen on Sunday morning from the laneway at the Leuzler block. The thieves took the car north, as the milk-can and a supply of groceries were found scattered along the road near Peck's farm. No other signs of the car has been found, but the matter has been put into the hands of the Provincial police to ferret out.

The Lewis and Matthews big tent meeting is now on and Sunday last was a great day, as a number attended the services, many coming from long distances. There were a number of seekers at the altar. People are enjoying the special music and singing of the evangelist, also the preaching of the old-time Gospel. These meetings are to continue during this week, and the next three services on Sundays, commencing at 10.30 a.m., 2.30 p.m. and 7.45 p.m. Services each night at 8. All are welcomed to the services.
